

Volunteers Wanted

Volunteers are *"those who, of their own free will, undertake unpaid work outside of their immediate household, to benefit the common good"*. Volunteers make a huge contribution to Lincoln County in almost every sphere of activity; from sports, recreation, arts, culture, and heritage to emergency and social services, health, education, conservation and the environment. Those of us already involved in Emergency Preparedness activities would like to thank all Lincoln County Volunteers for their contributions of time, expertise, and labor. We would also like to take this opportunity to invite new volunteers to join us. If you would like to volunteer to be part of an emergency response please fill out the form and mail it to: Lincoln County Health Department, PO Box 187, Lincoln Kansas 67455. A data base is being made so we can notify volunteers of training opportunities. All types of volunteers will be needed. Thank you again for your contribution to Lincoln County.
